PATTERNED GLASS

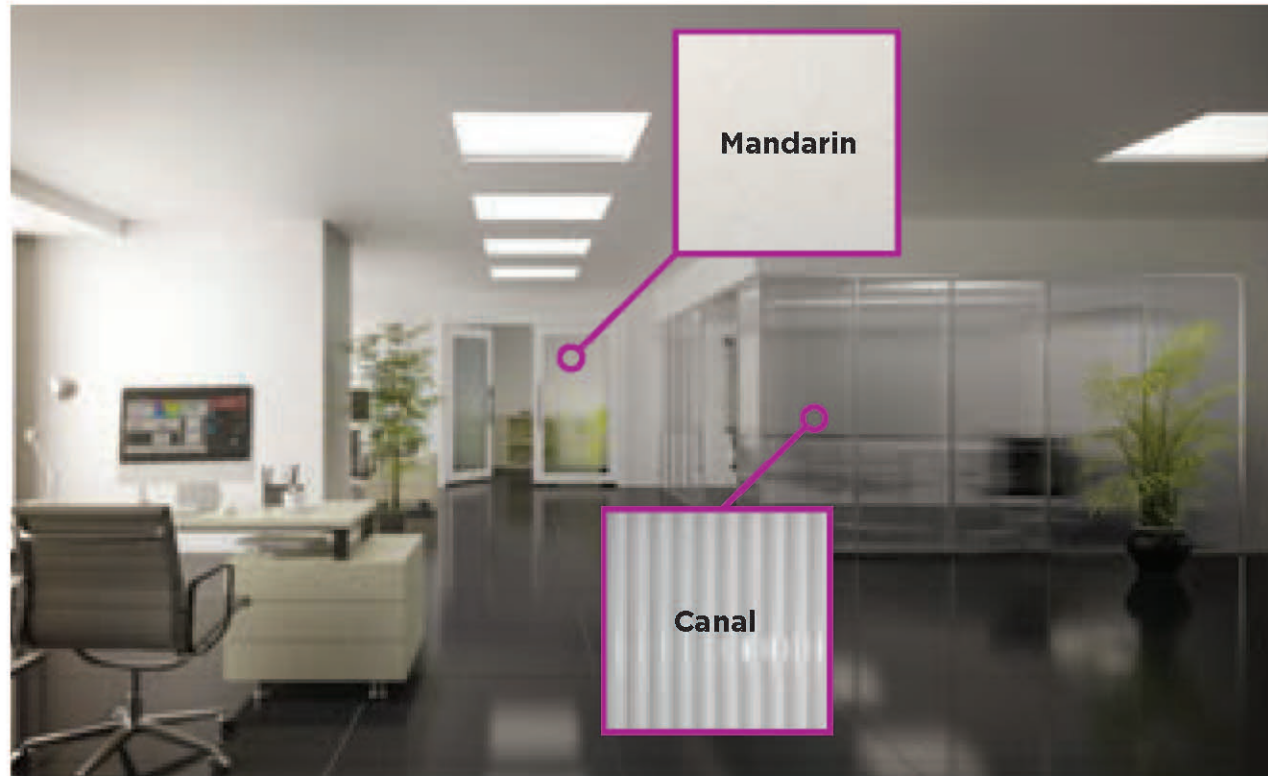

DECORATION GLASS

A large-scale decorative glass installation featuring a swan pattern. The glass is set in a frame, and a swan-shaped object is visible on the right. Below the glass, several small, diamond-shaped tiles are displayed, each labeled with a pattern name: pine, mandarin, square, tulle, puzzle, and nature.

Interiors Taking Shape with Imagination

Privacy windows, interior doors

Patterned Glass is available in clear and gives you 15 different patterned glass choices from classic to contemporary.

Glass, one of the most natural materials used in home and office design, will bring the shiny touch of the sun to the interiors where you live.

It makes new ideas and creative designs come alive.

It allows light and spaciousness to dim and dark areas.

Every design offers a different level of vision control depending on your needs in your designs and projects.

Patterned Glass can be:

- Edgeworked
- Tempered or Laminated to resist a higher level of impact pressure.
- Used in double glazed units.

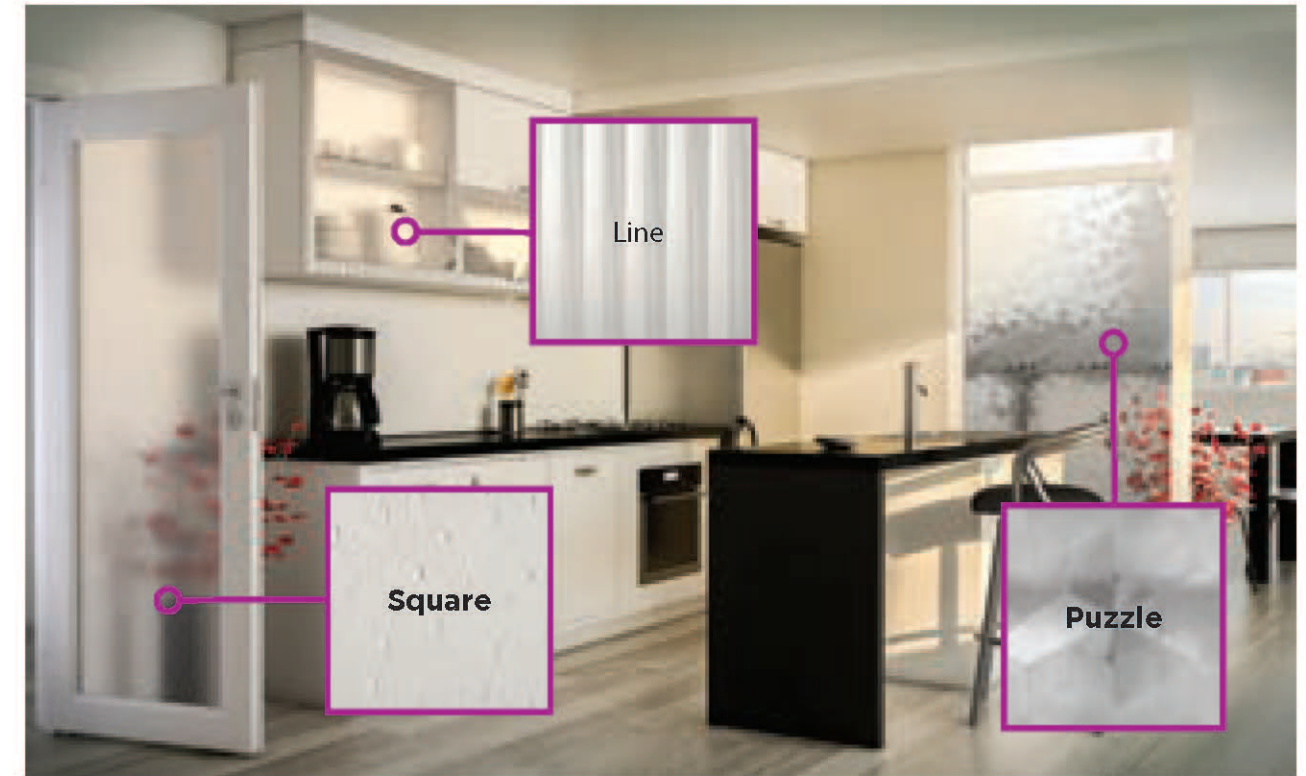

Major Application Areas

- Privacy windows
- Interior doors
- Shower enclosures
- Furniture
- Kitchen - Bathroom cabinets
- Partitions
- Counter and shelves
